Local businesses can be a part of the site by being listed in the business directory. There, your business would be listed with your business name, address, phone number, fax, e-mail, store hours) The charge is \$15 for one year - payable as a donation to the City of Clermont Web Page.

If you already have your own existing website we can link to that, too. A yearly fee of \$20 payable as a donation to the City of Clermont Web Page will be charged to link existing websites.
